What is the Adult Learning Center?

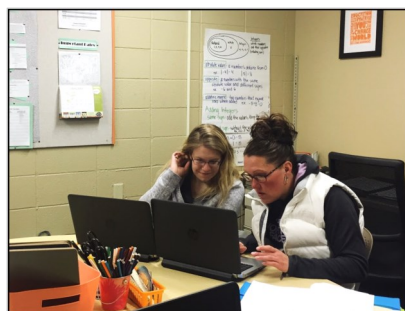

The Helena Adult Learning Center offers math and English classes aimed at preparing students to enter college and advance their careers. Housed within Helena College, this free program prepares students to meet their educational and career goals through individual and classroom instruction.

In partnership with multiple service agencies The Adult Learning Center provides access to all the resources students may need to take the next step in

realizing their goals. Our teachers and staff are passionate about equipping students with the skills and knowledge necessary to succeed in any field of study.
