CHAPTER 1

OVERVIEW

Requirements for substituting:

- ✓ Completed application (including payroll forms and direct deposit).
- ✓ A minimum of one year as a full time student from an accredited college for those teaching.
- ✓ A fingerprint criminal background investigation.
- ✓ Complete OPI Sub 101 course (unless you have a current MT teaching certificate) for those teaching.

Requested:

- ✓ Documentation of completed Measles vaccination; this is typically performed as a child.

NOTE: If you cannot document that you have been vaccinated and you choose not to get the vaccine and the District has an outbreak, by order of the Lewis and Clark County Health Department you will not be allowed to work until 21 days after the last identified case of measles.

WHAT YOU CAN EXPECT FROM THE SCHOOL DISTRICT

- ◆ Flexibility! You can set your hours and/or days of availability.
- ◆ All absences are scheduled in Absence Management, so you have a centralized place to manage your work.

WHAT THE SCHOOL DISTRICT EXPECTS FROM YOU

- ◆ As a substitute you will assume the responsibilities and duties of the regular employee— either a teacher in the classroom, a paraprofessional or a secretary. This may include responsibilities in the lunchroom, locker room, recess duty or elsewhere in the school.
- ◆ To follow school policies just as a regular employee (i.e. wearing ID badge above waist at all times)
- ◆ Be on time for assignments—the time listed in the assignment is the time you need to be ready to work.
- ◆ Stay on campus 25 minutes after the last class is dismissed or until all students have left.
- ◆ We regard you as a professional and expect all your interaction with parents, students and staff to be conducted in a manner that reflects your professionalism.

CHAPTER 2

PROFESSIONAL ETHICS

◆ DRESS CODE

Your school dress significantly influences student behavior. Appropriate dress and grooming contribute to a productive learning environment.

DO NOT WEAR

- ◆ Shorts
- ◆ Low cut shirts/blouses
- ◆ T-shirts with logos
- ◆ Miniskirts
- ◆ Jeans with holes
- ◆ Sweat Pants

◆ CONFIDENTIALITY

All school records and reports should be handled with care and confidentiality. They are maintained in order to provide information on child development for the professional staff. It is essential that, as a substitute, you do not divulge any confidential information which has been received. Direct any questions to the building principal.

CLASSROOM MUSTS

◆ CLASSROOM ETIQUETTE FOR TEACHERS AND PARAPROFESSIONALS

Classroom materials and supplies should be used with discretion, as there are many instances in which the regular teacher has planned ahead for their use. All teaching materials, library materials, audio-visual aids, etc., should be properly cared for and left in an orderly fashion.

- **DO** follow the teacher's lesson plan. (All video, movie, and social media use must be preapproved by the classroom teacher or building administrator.)
- **DO** leave the classroom in the same order as when you arrived.
- **DO** follow specific student protocol for release and supervision.
- **DO NOT** use classroom computers for any purpose other than reporting classroom attendance unless otherwise instructed by the teacher.
- **DO NOT** use personal cell phones during class time.
- **DO NOT** release a student from the classroom without permission from administration.
- **DO NOT** leave until all students are dismissed for the day or if otherwise instructed by the school or Substitute Specialist.

◆ ACCIDENTS OR ILLNESS

Upon checking in to the school, ask about emergency procedures and guidelines for handling situations involving student accidents and illnesses.

- Report all accidents or illnesses of a serious nature to a secretary, or principal. Bring the child to the health room or the office where a periodic check on him/her can be made.
- No child is to be sent home without first contacting the office and then the home. In the event of an accident, a report needs to be completed as soon as possible. Accident forms are available in the office.
- If you feel a student is ill or in need of medical attention, please send them to the health room or office with a pass. Please do not give students a phone pass to call home because of illness, they must go through the health room.
- Students requiring medication have a schedule they follow which does not occur in the middle of a class. An exception to this would be students who have asthma and may be excused to use an inhaler if they appear to be wheezing or in respiratory difficulty. Direct questions to school nurse.
- Obvious injuries or nosebleeds or vomiting may indicate an immediate exit from the class. It is a good idea to have another student accompany the affected student to the health room or office.

◆ CLASSROOM DISCIPLINE

We expect our students to treat you as a professional in the building. We want you to maintain control over the classroom at all times and work with other professionals as needed to do so.

Any disobedient student should be dealt with in the following manner:

1. The teacher (or substitute teacher) will issue a verbal warning to the student(s).
2. If negative behavior continues, send the student to the office – located in the office, a DISCIPLINARY REFERRAL FORM needs to be completed and returned to the office.
3. Stop by at your earliest convenience to confer with the office to be sure the student reported and to provide any further information if needed.

At no time are you to have negative physical contact or administer punishment to the body of a child ranging in severity from a slap to a spanking, this is defined as corporal punishment.

Under no circumstances should you ever belittle or demean a student.

◆ FIELD TRIPS

As a Substitute, you are only expected to cover duties within a school. The scope of your duties does not extend to field trips.

- ✓ Please notify the office to make arrangements for classrooms requiring Field Trip teacher coverage.

SAFETY & EMERGENCY PROCEDURES

Emergencies can arise at any time and you should be prepared to handle them with a minimum of confusion. Procedures differ throughout the district, depending on whether you are serving at an elementary, middle, or high school.

During fire, earthquake and other emergency drills

- Remain calm.
- Inform the students of the drill, while emphasizing silence and cooperation.
- Get your class roster and guide your class to the evacuation point in an orderly manner.
- Permit students to re-enter the room only upon administrative clearance.

STRANGERS ON OR NEAR CAMPUS

The maintenance of a secure and safe environment is a primary responsibility of the district and site managers. The following guidelines will assist in establishing the appropriateness of a person's presence on campus.

1. All visitors should report to the office and sign in to receive a substitute pass.
 2. Should a person be on campus without checking in, or is unknown to the district employee who is observing him/her, that employee must do either of the following:
 - Politely approach and question the person as to identity and purpose. Then escort or direct this person to the office for verification and sign in. If the employee directs the person to the office, the office should be notified to expect the visitor.
- OR**
- Call the office and request that the building administrator approach and question the person, and escort this person to the office for verification and sign in.
 3. Should the person refuse or become confrontational; or if the person is obviously a threat to the safety and well-being of students and staff, in possession of a weapon, under the influence of intoxicants, or verbally or physically abusive, the following, if possible, is recommended:
 - Do not continue the confrontation, become aggressive or touch the person.
 - Contact the office and they will alert teachers that all students must be kept in the classroom and the doors locked.
 - Secure yourself and your students in a safe area.

FIRE DRILLS

- Fire drills are required from time to time to acquaint students with proper exits and procedures.
- The drill is signified by the continuous ringing of the bell or an announcement over the intercom system depending on the school.

◆ SAFETY & LOSS CONTROL PROGRAM

It is the intent of Helena Public Schools to provide a safe and healthy environment for all employees, students and building occupants. Each employee of this district has the right to perform his/her job in an environment free of accident and injuries.

In recognition of this District's responsibility to prevent accidents and injuries, it is the Board of Trustee's intent to develop and implement an effective safety and loss control program.

The District's objective is to provide to the best of its ability.

- ◆ AN ACCIDENT AND INJURY FREE WORK ENVIRONMENT THROUGH A HAZARD FREE WORK PLACE AND A SAFETY CONSCIOUS WORK FORCE.
- ◆ A REDUCTION IN THE COSTS ASSOCIATED WITH OCCUPATIONAL ACCIDENTS THROUGH A REDUCTION IN ACCIDENT FREQUENCY AND INJURY SEVERITY.
- ◆ ACCIDENT AND INJURY PROTECTION TO STUDENTS AND THE GENERAL PUBLIC.

The achievement of these objectives is based upon the establishment and implementation of a formal safety and loss control program which integrates safety and health measures into each job task so that safety practices, accident prevention and job performance become inseparable. The integration of job and safety can only be accomplished through the cooperative effort and participation of all administrative, certificated and classified staff.

It is imperative that all employees recognize their individual responsibility to prevent accidents and that they take all necessary precautions to do so. It is a District expectation that all employees will pro-actively devote their attention and effort towards making the safety and loss control program an integral part of their day to day work activities.

By accepting mutual responsibility to always act in the most prudent and safe manner, everyone contributes to the safety, health and well-being of the District's staff, students and visitors.

FOR ALL EMPLOYEES AND SUBSTITUTES

The following “general safety rules” apply to all school district employees and substitutes. It is the responsibility of each to voluntarily adhere to these rules.

This includes knowing evacuation routes, locations of fire extinguishers, first aid kits, appropriate telephone numbers and reporting procedures.

CHAPTER 3

AT WILL EMPLOYMENT

★ INSURANCE

The district provides liability insurance coverage for all substitutes. However, some substitutes may prefer to supplement this protection with his or her own private insurance for liability.

★ INJURIES ON THE JOB

As a substitute of Helena Public Schools, a substitute is insured under Worker's Compensation. Any injury sustained as a substitute on school property while in the normal course of duties as a substitute should be reported immediately (to the school secretary or principal) in order to establish a record of the injury.

★ FEDERAL TAX WITHHOLDING

The Federal Withholding Tax is withheld from the substitute's salary according to the exemptions filed on their W-4 form. Should there be a name change, or the number of exemptions change, a new W-4 needs to be filled out and turned in to the payroll office.

★ SOCIAL SECURITY

Substitutes are covered by Social Security and must report their Social Security number upon applying to substitute.

★ TEACHER'S AND PUBLIC EMPLOYEE RETIREMENT

Substitutes have the option for participation in the Montana Teacher's Retirement System (TRS) or the Montana Public Employee Retirement System (MPREA) prior to the completion of 30 days service. Law requires that this deduction be made after the substitute has worked 30 full days within a single school year. Completion of the appropriate form is a required part of the application process.

★ EVALUATIONS

Substitutes are subject to evaluation. Performance in the classroom and the district is monitored. The regular employee completes a brief form that is shared with the principal and the substitute specialist. The principal reviews, adds any comments he or she might have, then submits it to the Sub Office. Substitutes may view a summary of their evaluations by calling or emailing the Sub Office to schedule an appointment to view the file. Evaluations may determine appropriate fit and fitness for duty as a whole within the district. Substitutes may not be asked to return upon poor evaluation.

★ SALARY

- ⇒ Paychecks are issued once a month on the 25th.
- ⇒ It is recommended that you keep a record of the hours you work. Any corrections to your hours will not be reflected until the following paycheck.
- ⇒ Hourly substitutes are paid based on hours worked (paras, secretaries, custodians).
- ⇒ A teaching work assignment that requires up to 3.5 hours constitutes a half day's wages. Work assignments greater than 3.5 hours will be paid as a full day.
- ⇒ As a substitute teacher, a copy of your teaching certificate or transcripts must be provided for your file in order for you to be paid accordingly.

MENT

★ PREFERENCE LIST, EXCLUSION LIST & TERMINATION

Substitute teachers may be placed on a preference list for a specific teacher or school. This request is made by the teacher or school's principal and not by the substitute teacher.

- ◇ These preferred substitutes are contacted first and have the ability to view jobs online before their peers, depending on visibility settings.
- ◇ Substitutes also have the ability to create a list of schools where they prefer to work

Substitute teachers may be excluded from a specific classroom, excluded from a specific school or terminated from the Substitute Teacher list for any of the following reasons (not all inclusive):

- ◇ Unsatisfactory teaching performance
- ◇ Unprofessional and/or unethical behavior
- ◇ Refusal to perform assigned duties at a school
- ◇ Violation of district/school procedures
- ◇ Excessive tardiness or 'NO SHOWS'.
- ◇ Excessive cancellation of accepted assignments
- ◇ Repeatedly declining positions that are within your selected work day schedule
- ◇ Have not responded to any assignment requests
- ◇ Inappropriate student and/or staff interaction
- ◇ Conduct not reflecting the vision and mission of the District

★ LONG TERM TEACHING ASSIGNMENTS

- If a teaching assignment includes more than 10 continuous days (for the same teacher), you should attend departmental and/or faculty meetings, unless excused by the principal.
- You are not expected to participate in special district workshops or in-service days when children are not in school; however, you may arrange to attend such events by seeking permission from the principal.
- If an assignment consists of 15 or more continuous days (for the same teacher), you will receive an additional \$10.00 per day for each day of that assignment.
- If a teacher is absent from their classroom for more than 35 consecutive school days, a substitute teacher who is Montana Certified will be put on contract to cover for the teacher.
- While on contract, the substitute teacher will earn a teachers wage. The amount is based on your educational background and experience.

★ TEMPORARY CONTRACTS

- Official transcripts need to be ordered and sent directly to the Human Resource Office from your college or universities.
- A copy of your current Montana Teaching Certificate; registered with the Lewis and Clark County Superintendent of Schools needs to be submitted to Human Resources.
- A temporary contract will be issued for the period of time of the extended assignment.

CHAPTER 4

ABSENCE MANAGEMENT

THE BASICS

Absence Management allows assignment to become available the moment an employee enters an absence. The system runs checks behind the scenes to match the right substitute to the job. And allows various ways for how a substitute finds and accepts the available job.

- ✓ On the Web
- ✓ By Calling Into the System
- ✓ By Outbound Calls from the System

- ◇ Always wait for the job number. This is your confirmation that the job has been assigned to you!
- ◇ Search for jobs 24/7 online and by calling into the Absence Management system.
- ◇ Training materials are also available online.

ACCEPTING THE JOB

Start times vary by school. Your job's start time is the time you should be at the designated school. It includes prep time prior to the start of your first class. You will need to be there so you can plan to review lesson plans and prepare for class.

- Elementary Schools begin their day at 8:30 a.m.
- Middle Schools at 8:05 a.m.
- High Schools at 7:25 a.m. (early schedule/zero period) or 8:20 a.m. (regular schedule).

Always check that assignments you accept are properly recorded in the Absence Management system. NEVER "switch" classes with another substitute teacher before getting approval from the secretary or administrator, and ALWAYS notify the Sub Clerk when any changes have been made.

Occasionally a position does not get filled before the job start time. If/when you get called for a job with this circumstance, and you would like to do the job (and could be at the school within 20 minutes), go ahead and accept the job – then call the Substitute teacher Clerk to confirm when you can be there (the clerk will notify the school for you).

→ **Note:** If an assignment begins at 8 a.m. the Substitute Teacher is expected to be in the classroom at this time regardless of whether or not this is a planning period for the absent teacher.

You should remain in the building during prep/free periods that take place during your scheduled assignment time.

CANCELLATIONS

If you cancel a job within 12 hours from the start of the job you will be restricted from accepting another job for that day.

BE SURE TO CONFIRM THE CANCELLATION OR THE JOB WILL NOT GET CANCELLED.

In the event the assignment is cancelled by the teacher, school or Sub Office you will receive a phone call and an email notification. **It is your responsibility to check for notification of assignment changes.**

MULTIPLE DAYS AND ITINERATE SCHEDULES

- In the event you accept a multiple day assignment, please check the date(s) and time(s) you are needed. If you are not available for the entire assignment, do not accept the assignment.
- If an employee works a varied schedule at multiple locations you will be informed of the job start time and where you should report for the assignment.

WHAT IS THIS ASSIGNMENT?

What is.....

- * In a **Supplementary Assignment** you may be requested as a “floating” substitute teacher to cover for more than one teacher, or to cover as a teaching assistant or to provide extra help where needed. There will not be a teacher’s name associated with these assignments.

FILES ATTACHED TO ABSENCES

Absences may have files attached. Files can be attached by schools, by teacher or for individual absences. You can open and review these files after you have accepted the job.

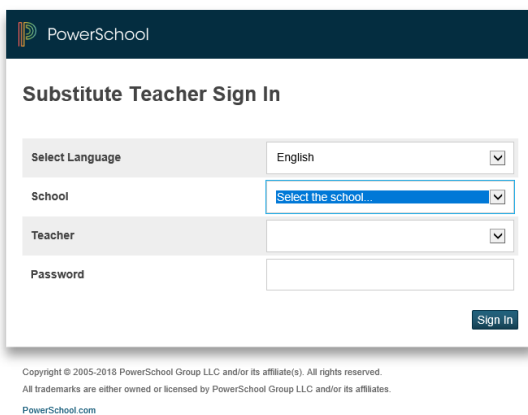

Information that may be attached:

- The school’s bell schedule or office procedures
- Instructions for taking attendance in PowerTeacher
- The teacher’s general class rules or specific lesson plans for the absence

POWERTEACHER

Taking Attendance

PowerTeacher offers a web-based portal for substitute teachers to take attendance for the class they are assigned to. You will need to sign on to the teacher's computer in the classroom with the instructions received by the Sub Clerk.

The screenshot shows the PowerSchool Substitute Teacher Sign In page. It features a dark blue header with the PowerSchool logo. Below the header, the title "Substitute Teacher Sign In" is displayed. The form contains four fields: "Select Language" (set to English), "School" (a dropdown menu with "Select the school..." selected), "Teacher" (with a checkmark icon), and "Password". A "Sign In" button is located at the bottom right of the form. At the bottom of the page, there is a small copyright notice: "Copyright © 2005-2018 PowerSchool Group LLC and/or its affiliate(s). All rights reserved. All trademarks are either owned or licensed by PowerSchool Group LLC and/or its affiliates. PowerSchool.com"

Once you have logged in successfully, you will see all classes available for the teacher you selected. Click on the chair icon to take attendance for a particular class.

You will see a list of students assigned to that particular class. Click the drop-down menu to select the attendance code to assign. You will select Tardy, Absent or Unverified. Students that are present will not have an entry. Once you have taken attendance, click the Submit button.

Health Alerts

While substituting it is important to be aware of the medical needs of students. Remember to always check the Health Alerts on PowerSchool or the written Care Plans and Alerts in the Substitute Teacher folder left by the classroom teacher.

By clicking on the medical alert icon on the student name a list of medical information will be displayed. This information is confidential and should only be used as a guideline of care while in the student's classroom; if the need should arise.

For security purposes, click the Logout button on the top-right of the window. Closing the PowerTeacher window without logging out will result in the substitute teacher account for that teacher being locked for 20 minutes!!

SUBSTITUTE TEACHER'S ARRIVAL & DEPARTURE PROCEDURE

2. Acquaint yourself with the Interdisciplinary Team teachers located near your room – they are there to assist you in finding answers to any questions which might arise during the school day.

GENERAL CLASSROOM RULES:

1. All classes will be dismissed by the ringing of a bell. No classes can be dismissed early.

Effective Intake Interviews – Guidelines

When an individual comes to you as a trusted advisor, administrator or school district staff member, remember these guidelines for these important conversations:

DO:

- ✓ Be a good and attentive listener.
- ✓ Let them know you take their concerns seriously.
- ✓ Stay positive and supportive, even accompanying the person to the office of the individual who is the best one to help.
- ✓ Keep policies and grievance procedures of the company available.
- ✓ Know the name, location and phone number of the EEO Officer and the district personnel office.
- ✓ Keep written documentation of your conversation!

DON'T:

- ✓ Interrupt.
- ✓ Ask leading questions (those that can be answered with a “yes” or “no”).
- ✓ Make “chilling comments” like:
 - o *What did you do that brought this on?*
 - o *You know it's your word against theirs?*
 - o *You really can't handle this yourself?*

The GOAL is to be supportive and get enough information
to refer or assist the person appropriately.

- Stay emotionally connected:
 - How are you doing?
 - Is something bothering you that I can help with? Tell me about it...
- Take the report seriously: This is obviously important to you. I'd be glad to listen – is now a good time?
- Be clear about harassment/inappropriate conduct: If what you're saying is true, we have policies about that...
- Ask non-leading questions: What happened then? Who else was there? What did you do then? How do you feel now?
- Referral and accompaniment: I'm not the person who can be the most helpful to you. ____ has been great help to lots of people who have faced these issues. Let's go to that office... I'd like to go with you, okay?

Operational Functional Annex – Shelter-in-Place, “Soft” Lockdown, and Evacuation / Reverse Evacuation

- 1) Shelter-in-Place: there is a high probability that something (chemical or biological) outside of the building may enter the building. Anyone outside would be in danger of being harmed, and therefore should move indoors. Depending on the reason for the shelter-in-place, normal inside activities may or may not continue, and the HVAC (heating, ventilating, and air conditioning systems) may or may not be turned-off. All entry points (doors and windows) are locked and monitored. Another level of shelter-in-place is to heighten security. In heighten security situations, there is a high probability that someone with intent to cause harm may try to enter the facility, and anyone outside would be in danger of being harmed. Depending on the heighten security situation, normal activities may or may not continue inside the facility. Access to the building is through one entry point identified by administration.
- 2) “Soft” Lockdown (can also be called a “preventative” lockdown): **no weapons are involved**; however, there is something occurring or has occurred (an emergency or crisis situation) inside the facility that everyone must be kept away from; therefore, everyone is placed in lockable rooms, all interior doors are locked, and no one is allowed to leave the locked rooms until permitted by an authorized authority. Normal activities within the locked rooms will continue.
- 3) Evacuation / Reverse Evacuation: an evacuation occurs when something is occurring or may occur inside the facility, for example a fire, and everyone must be evacuated from the facility immediately. The **fire alarm is pulled** and everyone exits using the safest routes out of the facility, and then everyone will assemble at their normal fire evacuation site. A reverse evacuation occurs when something is occurring outside the facility, and the safest place to be is inside the facility. Everyone who is outside will immediately return to the facility and go to their normal locations for that time of day.

Operational Functional Annex - Active Shooter (Evacuation and Lockdown)

- 1) An active shooter is "an individual actively engaged in killing or attempting to kill people in a confined and/or populated area" – inside or outside. In most cases, active shooters uses firearm(s), and there may or may not be a pattern or method to selecting victims. Most active shooter incidents occur at locations where the active shooter(s) finds little resistance or limited security measures to protect members of the public. After most events, active shooters (1) commit suicide, (2) are shot by police, or (3) they surrender to law enforcement.
- 2) **“YES!”** this can happen to Helena Public Schools; therefore, all staff and faculty must remain vigilant. They must have situational awareness in order to recognize the early signs of danger, to prevent an event from occurring or to reduce the effects of an event. The risk of an active shooter event occurring is extremely low, but the results of an event will be catastrophic.
- 3) If an active shooter event does occur, Helena Public Schools cannot wait for Law Enforcement to tell us what to do. This annex is about options, because doing nothing gets people killed. Staff and faculty must remember:

“WHEN SECONDS COUNT, LAW ENFORCEMENT HELP IS MINUTES AWAY.”
- 4) Within Helena, and within the Helena valley, it can take up to 10 minutes or longer for Law Enforcement to respond to a school’s “911” call, and a typical active shooter event is usually over in 3-5 minutes.
