

CELEBRATING STUDENT SUCCESS

We are proud of the success of our students and hope that their stories will inspire others. For our first newsletter of the year, we interviewed two students who reached their goals in 2017.

Jennifer

Jennifer decided to go back to school after having a son. The first step was to earn her high school equivalency by passing the HiSET test.

ALC: Tell me about your experience at the ALC.

Jennifer: I learned a lot about myself. In the past, I didn't take my education seriously but the staff here believed in me. This time, I was determined to succeed.

ALC: What advice would you give to new students?

Jennifer: Don't give up! There were several times that I wanted to quit but I kept coming back. If you stick with it and work hard, it will pay off.

Collin needed help preparing for college math. Searching online and recommendations for others led him to the Adult Learning Center.

Collin

ALC: Tell me about your experience at the ALC.

Collin: Classes helped me focus on studying and get back into the routine of school. I had to manage my time and do homework again. I like being able to get help in class instead of going home not understanding what to do.

ALC: What is next for you?

Collin: I am registered for spring semester classes at Helena College and working part-time. I am pursuing a degree in Registered Nursing.

PROGRAM CALENDAR

January 1	Office Closed
January 2	Session III Begins
January 15	Office Closed
