## Definitions

<b>Accelerated Death Benefit</b>	Accelerated Death Benefit provides an option to withdraw a percentage of your life insurance coverage when diagnosed as terminally ill (as defined in the policy). The death benefit will be reduced by the amount withdrawn. To qualify, you have satisfied the Active Work rule and have been covered under this policy for the required amount of time as defined by the policy. Check with your tax advisor or attorney before exercising this option.
<b>AD&amp;D</b>	Accidental Death and Dismemberment (AD&D) insurance provides specified benefits for a covered accidental bodily injury that directly causes dismemberment (e.g., the loss of a hand, foot, or eye). In the event that death occurs from a covered accident, both the life and the AD&D benefit would be payable. This insurance is optional and can be purchased by you and your Spouse .
<b>Conversion</b>	If you terminate your employment or become ineligible for this coverage, you have the option to convert all or part of the amount of coverage in force to an individual life policy on the date of termination without Evidence of Insurability. Conversion election must be made within 31 days of your date of termination.
<b>Guarantee Issue</b>	For timely entrants enrolled within 31 days of becoming eligible, the Guarantee Issue amount is available without any Evidence of Insurability requirement. Evidence of Insurability will be required for any amounts above this, for late enrollees or increase in insurance, and it will be provided at your own expense.
<b>Limited Activity</b>	A period when a Spouse or dependent is confined in a health care facility; or, whether confined or not, is unable to perform the regular and usual activities of a healthy person of the same age and sex.
<b>Continuation of Coverage</b>	If coverage has been in force for at least 12 months, you may continue coverage for a specified period of time after your employment by paying the required premium. Portability is available if you cease employment for a reason other than total disability or retirement at Social Security Normal Retirement Age. A written application must be made within 31 days of your termination.
<b>Seat Belt, Airbag, and Common Carrier</b>	If you die as a result of a covered auto accident while wearing a seat belt or in a vehicle equipped with an airbag, additional benefits are payable up to \$10,000 or 10% of the principal sum, whichever is less. If loss occurs for you due to an accident while riding as a passenger in a common carrier, benefits will be double the amount that would otherwise apply as outlined in the certificate.
<b>Term Life</b>	Benefit provided to the designated beneficiary upon the death of the insured. The benefit is provided for the time period that you are eligible and premium is paid. There is no cash value associated with this product.
<b>Exclusion: Suicide</b>	Benefits will not be paid if the death results from suicide within 1 year after coverage is effective. May apply if employee contributes toward the premium.

## Additional Benefits

<b>LifeKeys<sup>SM</sup></b>	Online will & testament preparation service, identity theft resources and beneficiary assistance support for all employees and eligible dependents covered under the Group Term Life and/or AD&D policy.
<b>TravelConnect<sup>SM</sup></b>	Travel assistance services for employees and eligible dependents traveling more than 100 miles from home.
