Developmental

“Red Flags”

This Checklist is intended to help identify children who are potentially “at risk” & may have developmental delays. If you answer “No” to several of the questions, you may want to make an appointment for a Child Find screening.

Take an interest in other children?
Follow simple 1-2 step directions?
Ask & answer simple questions?
Carry a large ball or toy while walking?
Point to an object or picture when named?
Imitate actions & words of others?

2024-2025 Screening Dates
